Wonderful Cures.

W. D. Hoyt & Co., Wholesale and Retail Druggists, of Rome, Ga., say: We have been selling Dr. King's New Discovery, Electric Bitters and Bucklen's Arnica Salve for two years. Have never handled remedies that sell as well, or give such universal satisfaction. There have been some wonderful cures effected by these medicines in this city. Several cases of pronounced Consumption have been entirely cured by use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Bitters. We guarantee them always. Sold by Jos. LeCompte.

HALL'S HAIR RENEWER.

The great popularity of this preparation, after its test of many years, should be an assurance, even to the most skeptical, that it is really hair-restorer. Those who have used HALL'S HAIR RENEWER know that it does all that is claimed.

It causes new growth of hair on bald heads—provided the hair follicles are not dead, which is seldom the case; restores natural color to gray or faded hair; preserves the scalp healthy and clear of dandruff; prevents the hair falling off or changing color; keeps it soft, pliant, lustrous, and causes it to grow long and thick.

HALL'S HAIR RENEWER produces its effects by the beneficial influence of its vegetable ingredients, which invigorate and rejuvenate. It is not a dye, and is a delightful article for toilet use. Containing no alcohol, it does not evaporate quickly and dry up the natural oil, leaving the hair harsh and brittle, as do other preparations.

Buckingham's Dye

WHISKERS

Colors them brown or black, as desired, and is the best dye, because it is harmless; produces a permanent natural color; and, being a strict preparation, is more convenient of application than any other.

FRANKFORT, APRIL 8, 1886.

The Lawrenceburg telephone line having been broken so often by the boats passing under it, has been taken down from across the river at the Wood Landing, and now passes over to the North Side with the other wires at the St. Clair Street Bridge.

The river began rising Sunday, and continued to come up steadily until yesterday, when it began to recede. The steamer Hibernia went up the river Sunday night and returned here Monday morning, when it was found the water was too high for her to get under the St. Clair street bridge. She had to tie up on the south side of the river, at the north end of Shelby street.

The sales of the Woman's Exchange of the Methodist Church, commencing to-day, will hereafter be held every Saturday, from 11 a. m. to 6 p. m., at the Slinger Sewing machine office at the corner of Main and Ann streets, instead of at the news depot of Mr. Pat. Russell. The following ladies will furnish the Exchange this week: Mrs. Gen'l Rodman, Mrs. J. V. Payne, Mrs. Dr. Price, Mrs. F. C. Hughes, Mrs. Manerva McEwing, Mrs. Joe Swigert; Misses Susie Rodman, Hattie Walker, Kate Mangum, Kate Brawner, Mary McEwing.

A raft of saw logs broke loose up the river Tuesday night and came down about seven o'clock with a rush. A mountaineer was upon it, who was unable to guide it, and when he came near the city he began to call for help. A boat manned by two men put off from the Hibernia and followed as quickly as possible. The raft struck the drift pile and the center pier of the St. Clair street bridge was broken in pieces, but the poor fellow, who was without coat and hat, stuck to one of the parts, and was taken off by the men from the Hibernia when he had gotten into the eddy just above the mouth of Devil's Hollow.

The meeting at the Court House Saturday night was a dandy. The *Capital* says it was "a regular Democratic love feast," and we presume it knows. If that paper is correct, however, it is to be hoped its party will not hold love feasts often, or at least not "regular" ones. The greater portion of the crowd were drunk, and by the time three candidates had spoken their little pieces the Court-room was filled with a howling mob. They would hear no one speak, and to settle the matter some person raised the window of the Sheriff's office, climbed in and shut the gas off at the meter. There was a stampede, but fortunately no one was hurt in the rush for the doors and windows. Several members of the Legislature were on hand to see how political meetings were run in this section, and left disgusted, saying it was a little ahead of anything they had ever seen.

Between 11 and 12 o'clock Thursday night Mr. Straud Buford, night watchman at the Hermitage Distillery, discovered a small blaze in the saw-mill of Messrs Dunigan & Nicol, at the foot of Cross street, went over and endeavored to give the alarm by blowing the whistle of the mill, but as the handle came off he was compelled to run back and sound the alarm with the whistle of the distillery. By the time he succeeded in arousing the people in the neighborhood the fire had gained such headway that it was beyond control. It burnt very rapidly, and in about half hour's time the saw and planing mills and one stack of lumber were reduced to ashes. The loss is about eight thousand dollars, with only four thousand insurance. The fire is supposed to have originated from the furnace.

The mills have been running up to their full capacity for some time, turning out over a million feet of lumber per month, and a large force of hands are thrown out of employment by the fire. The mills will be rebuilt as soon as the necessary arrangements can be made.

Rev. T. DeWitt Talmage is a close observer of the signs of the times. In a recent address he declared that one thing was sealed, viz., that no political party would go into power after this administration, without the consent of the prohibitionists.—*The Advance*.

Monday is County Court day. As it is horse-show day, and the County Democratic Committee will meet to count the vote cast to-day for the candidates for the nomination for county officers, a large crowd will be in town.

Proper Treatment for Coughs.

That the reader may fully understand what constitutes a good Cough and Lung Syrup, we will say that Tar and Wild Cherry is the basis of the best remedies yet discovered. These ingredients with several others equally as efficacious, enter largely into Dr. Bosanko's Cough and Lung Syrup, thus making it one of the most reliable now on the market. Price 50 cents and \$1.00 Samples free. Sold by Hughes & Chiles.

Don't forget that Dr. A. A. Willets will give his splendid lecture on "Sunshine" at the Hall of the House of Representatives Tuesday night next, at 8 o'clock.

This is one of the most brilliant and entertaining lectures our people have ever had the chance to hear, and no one can afford to miss it. Tickets of admission are on sale at McClure's, Dr. Averill's and Joe LeCompte's. Price, fifty cents.

We clip the following account of an accident to Dr. Lewis M. Scott, formerly of this city, from the *Anderson News*:

A RAPID RIDE.—Last Thursday morning Dr. Scott, a young man, lately located in Alton, was driving along the pike south of Lawrenceburg with a lady in the buggy (we did not hear her name) and when near the cemetery the horse, without preliminary, started out on a dead run. The trip through town was quite exciting and brought many people to the street. The doctor kept the flying steed in the middle of the road but had no power to check him. A little beyond town, in crossing the bridge, the doctor was thrown out, and the lines becoming entangled in the wheels brought the horse to a sudden halt against Dr. J. A. Witherspoon's iron gate. No damage was done beyond a slight disfigurement of the buggy box and the left leg of the doctor's trousers.

From New Hampshire.

In 1863 a cancer developed on my lower lip. I went under treatment at once, and from time to time since that have had medical aid in New Orleans, Boston and New York, with no benefit at all. It has progressed right along, and now involves my jaw and cheek. One thousand dollars would not cover the loss sustained through the medical and surgical aid I have received. I have certainly tried everything and was benefited by nothing until I took S. S. S. It has done me more good than all else put together, and I believe I will soon be sound and well. Swift's Specific is certainly a great boon to humanity.

Mrs. C. V. Craig's Temperance meetings at the Court House have been attended by crowds of people, and great success has attended her efforts in persuading them to sign the pledge. Between two and three hundred persons have done so; some of them persons whom our whole community will rejoice to see lead sober lives. Mrs. Craig is a pleasant, winning, earnest, effective, pleader for temperance, and her appeals go home to every heart. There is nothing unwomanly in any of her methods. She is ladylike in every utterance. Her visit to our city is well timed, for there was ever a week in our history when we needed temperance work, it has been the past one, with its free election whisky poured out like water by rival candidates.

To-morrow afternoon at three o'clock Mrs. Craig gives her last talk of the series, and all who have not heard one of her eloquent and persuasive pleas for sobriety and religion, should not fail to be present.

FRANKFORT ROUNDABOUT.

FRANKFORT, APRIL 3, 1886.

March went out stormy enough.

A large lot of Mexican coffee just received at J. Heeney's South Side.

We are indebted to Mrs. Sol. Harris for late files of New York papers.

Dr. W. I. Kelley will be at the Capital Hotel next Saturday, April 10th, for the treatment of patients.

Messrs. Willis L. Ways and George Huffman are erecting new frame dwellings on Conway street, between Third and Cross.

Lost.—On the 29th of March, a pocket diary. A suitable reward will be paid if left at this office or at the U. S. Engineer office, Weltzel's block.

D. L. SULLETT.

Dr. Howard Henderson, of Jersey City, N. J., formerly State Superintendent of Public Instruction of Kentucky, has written a book, "Literature of the South."—*True Kentuckian*.

The River and Harbor bill prepared by the committee of the House of Representatives in Congress, appropriates \$250,000 for the continuation of the improvement of the Kentucky river.

That slight cold you think so little of may prove the forerunner of a complaint that may be fatal. Avoid this result by taking Ayer's Cherry Pectoral, the best remedy for colds, coughs, catarrhs, bronchitis, incipient consumption, and all other throat and lung diseases.

A nickle fastened to the sidewalk in front of Mr. J. T. Buckley's establishment, on Thursday, April 1st, caught a number of suckers, and the Capital's hoax of a man going to jump into the river from the St. Clair street bridge also caught a few of the greeners.

A protracted meeting begins at the Christian Church two weeks from tomorrow. Rev. A. P. Cobb, an able and successful evangelist, of Decatur, Ill., will assist the pastor. Prayer services will be held by the church the week before Mr. Cobb's arrival.

One of the features of the "Gospel Temperance Meetings" Thursday night, was the singing of little Misses Anna Haner and Mattie Uiley, two beautiful little girls. As their sweet voices rang through the room there was a death-like silence, until the close of the song, when they were greeted with a round of applause.

Miss Sarah W. Bacon, one of the oldest residents of this city, died at the Capital Hotel Saturday morning at 7 o'clock, aged 84 years. Her funeral took place Sunday afternoon from the Christian Church, of which she became a member at the organization of the church in this city more than a half century ago.

Mr. Alexander Lindsey, father of Mrs. H. T. Stanton and Mrs. F. C. Hughes, of this city, died at the residence of his son, Capt. Ed. Lindsey, in Jackson, Tenn., on the night of the 1st inst., after a long illness. Mr. Lindsey was for many years a prominent citizen of Mt. Sterling, Ky., where his remains will be taken for burial.

No Mystery About It.

There are no mysteries or secrets about the compounding of Brown's Iron Bitters. The preparation of Iron is the only one that can be taken without injuring the teeth or stomach. It gives vigor to the feeble, life to the debilitated, and health to the dyspeptic. You need not fear to give it to the most delicate child. Mrs. Emma Williams, of Starkweather, Miss., says: "It relieved my daughter of dyspepsia and myself of general debility."

The City Council met Wednesday afternoon to consider the question of erecting a City School building, and decided to build but one house, and that to contain sixteen rooms. It will be erected upon the site of the old building, and a committee was ordered to advertise for plans.

The season is already far advanced and it is to be hoped the work will be pushed with sufficient energy to have the building completed by the time the school should be opened in the fall.

There are now a number of idle mechanics in the city who are anxious for work, and it should be put under contract as soon as possible and completed without further delay.

Messrs. J. Aus. Robinson, Hiram Smoot and C. W. Taylor have withdrawn from the race for Jailer.

Judge James H. Mulligan has accepted the nomination for Mayor of Lexington upon the Citizens ticket.

Mr. Jacob Freudenberger has sold out his barber shop on St. Clair street and removed to Louisville to reside.

The regular meeting of the Franklin County Teachers' Association will be held on Saturday morning next in the office of Col. Thos. B. Ford. A full attendance of the members is desired.

The Steamer Hibernia will leave Macklin's wharf to-morrow morning at 8:30 o'clock for a trip to High Bridge, returning at night. The fare for the round trip will be \$1.50, meals free.

Have you a cough? Sleepless nights need no longer trouble you. The use of Ayer's Cherry Pectoral, before retiring, will soothe the cough, allay the inflammation, and allow needed repose. It will, moreover, heal the pulmonary organs, and give you health.

Mr. Waller B. George has removed his jewelry establishment from St. Clair street to the room on Main street lately occupied by Mr. A. G. Alstrom, and Mr. Robert Herrmann has removed his shoe store from the second door from the old Mansion House corner to the room vacated by Mr. George next to McClure's.

"DR. WILLIS' LECTURE.—A more delighted audience has seldom occupied the Academy than the one which last night listened to the lecture of Dr. A. A. Willis, on "Sunshine, or a Happy Life." His lecture was brim full of good things. Bright and lively, as is his title, it gives but little clue to the brilliancy of the subject-matter. Pure, clean wit and humor, with an underlying current of philosophy and religion, and good common sense that makes everybody feel better, brighter and happier for having heard it, is the sum of Dr. Willis' lecture."—*From Fortville, Pa., Dec 22, 1880.*

The Chautauqua Circle will meet at the residence of Mr. William Chinn Monday evening, April 5th, at 8 o'clock with the following

PROGRAMME:

Quotations from Shakespeare's tragedies.
Vocal solo, by Miss Bessie Gaines.
Address, by Dr. U. V. Williams.
INTERMISSION.
Exercise in pronunciation.
Table talk; words, their history and us.
Quiz on readings.

Haverly is a name that has always been co-existent with a success in minstrelsy. When Jack Haverly first took a company of that character on the road he made a wonderful success and he bears the reputation of having always had good material in hand. The Home Minstrels that opened at the Standard last night were organized by this successful manager, and their work proved that he knows what will please the people. The first part of the performance is devoted to solos from artists of high order. In this category might be mentioned Harrie W. Roe, Dan. Thompson, George Gayle, Joseph Wyatt, a well known St. Louis boy, Charles Seamon, and J. T. Kelley. These gentlemen all possess good voices and sing well. Besides this there were specialties of an interesting species, among which were "Fun in a Kitchen," "The Old Kentucky Home," and the "Arrival of Patti." The performance was in all respects first-class, and a large audience packed the house.—*St. Louis Globe-Democrat.*

The above Minstrel troupe will appear at the Opera House on Monday evening next, April 5th.

Louisville Tobacco Market.

FURNISHED BY GLOVER & DUBRETT, PROPRIETORS LOUISVILLE TOBACCO WAREHOUSE.

The Burley market has developed new features, this week. The common grades still predominate. An occasional new burley sold this week as high as \$14.00, but the great bulk of the offerings were of that character which are selling below \$8.00. Receipts continue small on account of the unfavorable weather conditions for handling tobacco. The tobacco most in demand is the rich clear red leaf, with considerable body.

Sales for the week 2,952 hds. Receipts for the week 1760 hds. Sales since January 1st 35,303 hds., against 34,300 hds. for the corresponding period last year. The following quotations fairly represent our New Burley:
Dark Trash \$3.00 to \$4.00.
Colony Trash 4.00 to 5.00.
Common Leaf not colony 4.00 to 5.00.

News brevities are scarce this week from the fact that our citizens have all gone out electioneering.

Now that the spring time has come, let us listen to the plover, and make our living by the sweat of our brow; and if we make an entire failure, we'll all turn out and run for juries, and all who are old enough to vote I will ask for your support, and my prospects, I hope, will thrive for I am one of thirty-five. As I've not long to stay, the tale will be told to-day.

The other day a fellow passed through the wicket gate near here on his way to Paradise Hill, but was overtaken by two men by the name of Devils and carried into Devil's Hollow to announce himself as a candidate for Jailer. When the bottle had been filled the chairman arose and remarked that he would get the office if he carried Bald Knob.
